ICE TASK 1

Organisation 1

Organisation Name

Mutumane Kota and grilled chicken

Category

Small Business

What is the organisation about?

Mutumane Kota and grilled chicken is a local fast-food eatery specializing in traditional South African street food and flame-grilled meats.

- **What it does:** Operates a daily takeaway and dine-in kitchen preparing freshly cooked fast meals within the local community and convenient local delivery services
- **Products/Services offered:** A variety of overloaded township-style kotas (filled with chips, Russians , cheese, egg, and sauces), flame-grilled chicken meals, sides (chakalaka, pap, fries), and soft drinks. They also provide local order pickup and delivery
- **Target audience:** Students, local workforce, neighborhood families, and fast-food enthusiasts looking for affordable, filling, and convenient meals.

Current Website

Does the organisation currently have a website? **No**

Motivation for Choosing this Organisation

- **Lack of Digital Presence:** The business currently operates without an official website or online ordering platform uses WhatsApp for orders, relying entirely on walk-in customers and word-of-mouth.
- **Business Growth Potential:** Introducing a simple, mobile-friendly website with an interactive menu, location finder, and online order pre-ordering system would significantly reduce queue times during peak lunch hours and provide convenience for the customers
- **Streamlining Delivery & Ordering:** Adding a modern, mobile-friendly website with an online order-and-delivery form (including address selection and menu

customization) would drastically improve delivery efficiency, minimize order errors, and boost sales volume.

- **Brand Visibility:** A dedicated online presence will help attract customers from surrounding areas searching online for local food spots.

Organisation 2

Organisation Name

Hope Ahead Foundation (Anti-Drug Initiative)

Category

Non-Profit Organisation

What is the organisation about?

Hope Ahead Foundation is a community-driven non-profit organization dedicated to combating substance abuse, supporting individuals through addiction recovery, and running preventative educational programs.

- **What it does:** Hosts community awareness workshops, school outreach events, support group meetings, and direct referrals to accredited rehabilitation centers.
- **Products/Services offered:** Substance abuse counseling, youth prevention workshops, family support sessions, crisis helpline referrals, and educational awareness pamphlets.
- **Target audience:** Youth at risk of substance abuse, individuals battling addiction, families seeking support for loved ones, local schools, and community donors/sponsors.

Current Website

Does the organisation currently have a website? **No**

Motivation for Choosing this Organisation

- **Critical Need for Information Access:** Individuals seeking help for addiction often turn to online search engines first. A dedicated website would give vulnerable youth and families instant access to support resources, emergency helpline contacts, and meeting schedules in complete privacy.
- **Donor and Volunteer Engagement:** The organization relies heavily on community donations and volunteer support. An online platform with direct donation links, volunteer sign-up forms, and impact stories would greatly increase fundraising capacity and community involvement.

- **Public Awareness:** A centralized website allows the NPO to regularly publish educational blog posts, event dates, and success stories, enhancing its credibility when applying for institutional funding or government grants.
